

JOSH WOODCOCK

FRONT-END / UX DEVELOPER

832-247-8742
josh@j0w0.com
www.j0w0.com

I am a **Front-End / UX Developer** that is looking for opportunities to work through complex problems and produce solutions using client-side and server-side web technologies and services. I enjoy engineering the process just as much as writing the code. While I am looking for a front-end development position, I also have a complementary background in design and know my way around graphics software to create user-centered mockups and full web designs.

Skills: HTML, CSS, Javascript, React.js, Node.js, Next.js, AJAX, JSON, Bootstrap, jQuery, Wordpress, PHP, MySQL, GitHub, Homebrew, NPM, RESTful APIs, Git, Docker, Stripe, Twilio, WooCommerce, Photoshop, Illustrator.

EMPLOYMENT HISTORY

Front-End / UX Developer

Remedy | January 2019–July 2020 | Austin, Texas

- Streamlined and redeveloped an existing high-traffic web app to book urgent care appointments. By leveraging Wordpress, creating custom form flows using AJAX, and making RESTful API calls to Remedy's back-end services allowed for easier management, scalability, and monitoring.
- Developed utilities in the Wordpress admin dashboard for service coordinators to better assist patients and expedite the booking / scheduling process.

MIS Web Developer

Ford Audio-Video | January 2017–January 2019 | Austin, Texas

- Developed a complete overhaul of the company's corporate WordPress theme and content management system.
- Created and managed marketing event web applications for event registration, check in, lead tracking, and payments.
- Developed business software and helped maintain the company's Intranet on WordPress.

Contract Web Developer

COMNIO | July 2016–May 2017 | Austin, Texas

- Designed and developed online registration and retail contest forms for clients using WordPress.
- Initiated and outlined the company's client portal that integrated with third-party marketing / automation services.

Digital Media Marketing Coordinator

Ford Audio-Video | July 2014–January 2017 | Austin, Texas

- Maintained corporate website, event landing pages, staff Intranet, and oversaw all email campaigns.
- Planned / developed web applications and business software to assist sales and marketing.

EDUCATION

Texas State University

Bachelor of Fine Arts, Communication Design | San Marcos, Texas | May 2014

Queens College

National Student Exchange, Graphic Design | Flushing, New York | 2012–2013
