

Josh Woodcock // Full Stack Software Engineer

832-247-8742 // josh@j0w0.com // github.com/j0w00 // www.j0w0.com // www.linkedin.com/in/jrwoodcock

Full Stack Software Engineer that enjoys finding creative solutions to complex problems by utilizing front- and back-end web technologies. I enjoy engineering the process just as much as writing the code. While I am analytical and like to get into the finer details, I bring unique perspectives to the team with my background in design.

Skills: HTML, CSS / SCSS, JavaScript, React.js, Node.js, MongoDB, Express, Python, Django, PostgreSQL, Amazon AWS, Heroku, Google OAuth, Google Maps API, AJAX, JSON, Websockets, Bootstrap, jQuery, Wordpress, PHP, MySQL, GitHub, Homebrew, npm, RESTful APIs, Git, Stripe, Twilio, WooCommerce, Photoshop, Illustrator.

Experience

Full Stack Software Engineer

General Assembly | July 2020–October 2020 | Austin, Texas (Remote)

- Gained hands-on experience working with the latest in front- and back-end web technologies through General Assembly's Software Engineering Immersive.
- Tech stack used includes React, MongoDB, Express, Node, Python, PostgreSQL, MySQL.

Junior Front-End / UX Developer

Remedy | January 2019–July 2020 | Austin, Texas

- Streamlined web app for urgent care bookings that saw an increase of appointments by over 1000% and helped win two stages of VC funding for the start-up.
- Tech stack used includes Wordpress, PHP, MySQL, Twilio, WooCommerce.

MIS Web Developer

Ford Audio-Video | January 2017–January 2019 | Austin, Texas

- Designed and developed corporate website, allowing for easier management and sharing of content.
- Developed and maintained business software, such as marketing web apps for event registrations/check in, lead tracking, and online payments.

Digital Media Marketing Coordinator

Ford Audio-Video | July 2014–January 2017 | Austin, Texas

- Oversaw the production of all email campaigns and web graphics, as well as maintained corporate website content, event landing pages, and company Intranet.
- Promoted to the Engineering team as MIS Web Developer as my job responsibilities had expanded.

Contract Web Developer

COMNIO | July 2016–May 2017 | Austin, Texas

- Designed and developed micro-sites and online registration/contest forms for clients utilizing WordPress and Bootstrap.

Education

Texas State University

Bachelor of Fine Arts, Communication Design | San Marcos, Texas | May 2014

Queens College

National Student Exchange, Graphic Design | Flushing, New York | 2012–2013
