Full Stack Software Engineer that enjoys finding creative solutions to complex problems by utilizing front- and back-end web technologies. I enjoy engineering the process just as much as writing the code. While I am analytical and like to get into the finer details, I bring unique perspectives to the team with my background in design.

Skills: HTML, CSS, JavaScript, React, Node, MongoDB, Express, Python, Django, PostgreSQL, MySQL, Cloud-based Deployment Services (AWS, Heroku, Netlify), Bootstrap, jQuery, PHP, Git, RESTful APIs (Google, Stripe, Twilio), Wordpress, WooCommerce, Photoshop, Illustrator.
